contrary to those who argue that demographics are political destiny social trends are transforming identity categories of race gender and youth all of which provide rich opportunities for republicans to create a new majority to accomplish this republicans will need imagination and political acumen if they are to win over those constituencies that have become the base of the democratic party minorities young women and millennials behind the reality of current voting patterns which without doubt presents a gloomy future for the republican party social trends and a deeper analysis of political attitudes reveal there is much room for republican optimism in this critical data driven book future right donald critchlow explores strategies for the right that will help them succeed where democrats are floundering how to speak to the new population of a rising and successful minority class and how to reform the salacious alliance between the government and the one percent it is time for republicans to adapt to societal trends for the creation of a new transformative politics that will not only help them win the future elections but revive a system long overrun by outmoded top heavy politics

the future of leadership considers how the rapid changes of today will affect the leaders of tomorrow renowned leadership scholar michael a genovese argues that one of the key challenges for future leaders will be to effectively and constructively manage the hyper change taking place both within organizations and in the broader social and political spheres taking a futures studies approach to envision the state of leadership in the coming decades genovese also provides case studies of leaders who have already demonstrated the mind and skill sets necessary to successfully manage rapid change

escape from dark places tells the author s personal story of how she and her son battled anxiety and depression the author takes you on a journey to answer questions such as how big is the problem why is the number of those suffering trending upward and how can we help reverse the trend and stop the stigma the author takes a cross disciplinary approach drawing

on history psychology science and philosophy to construct a viable solution escape from dark places provides the background and framework for change with practical guidelines for engaging young people and their parents grandparents mentors and church leaders in effective intergenerational dialogue

emerging adults are taking a longer time to construct their identities including commitment to partners and they are doing so in the context of an unpredictable shifting global economy with a paucity of guidelines to inform their choices while popular wisdom suggests they are narcissistic entitled easily distracted self absorbed and impatient traits that certainly do not position them to be successful romantic partners this book presents alternative perspectives that are grounded in theory and practice it articulates the tensions between opposing dynamics the desire for a committed trusting long term relationship and the need to protect oneself and continue to grow as an individual in the event that such a relationship never materializes

investing with impact why finance is a force for good outlines the roadmap to reinvigorating a skeptical public and demoralized financial services industry by making the case that contrary to popular misconception finance is not the cause of the world s problems in fact it can provide the solution author jeremy balkin presents the case that the finance industry can improve the state of the world by positively influencing the allocation of capital investing with impact explains the methodology of balkin s 6 e paradigm opening the toolbox to this revolutionary framework for the first time in so doing balkin expands the impact investment universe enabling mainstream capital to flow where opportunities generate positive investment returns and have demonstrable social impact described by the huffington post as the anti wolf of wall street balkin is challenging the status quo on wall street by leading the intellectual debate embracing the 1 trillion frontier impact investment market opportunity the book demonstrates conclusively that if we can change the culture in finance we can change the world for the better
